

Great news about our medical coverage!

St. Mary's employees who are medical plan participants will only pay a \$25 co-payment at St. Mary's Urgent Care starting July 1.

Why go to St. Mary's Urgent Care?

Lower co-payment of \$25

The co-payment for other urgent cares is still \$50 for St. Mary's medical plan participants.

Payroll deduction available

St. Mary's employees cannot get payroll deduction at another urgent care

Urgent care co-pay will apply to St. Mary's ER visit

If St. Mary's Urgent Care sends you to St. Mary's ER, the \$25 urgent care co-pay will count toward your \$150 ER co-pay. You only pay one co-pay.

If another urgent care sends you to the ER, you will pay a \$50 urgent care co-pay in addition to a \$150 ER co-pay.
